30+
YEARS

The group companies have accumulated more than 30 years of experience in the production, sales and innovative application of paper tableware, pulp, officework paper, industrial paper, household paper and other fields.

Automatic Production Lines

The pulp system, power system, oil system, gas system, and circulating water system are all controlled by computers, making them more precise and efficient. When the three phases are put into operation, the annual production can reach 100,000 tons.
